

## Subscription Full Membership Rate

'Working for community pharmacy'

**The basic NPA Subscription is £911.55 per pharmacy including VAT and IPT.**

The basic subscription does not include Optical Indemnity, which may be granted to those proprietor pharmacists that are also qualified as opticians and that operate an optical department run in conjunction with, and on the same premises as a pharmacy in membership, on payment of an additional subscription of £55.65 including IPT.

**THESE SUBSCRIPTIONS ARE AN ALLOWABLE EXPENSE FOR INCOME TAX PURPOSES**

### Notes

1. A subscription must be paid for all pharmacies which a Member owns; failure to pay for any pharmacy automatically vitiates all benefits for all other pharmacies under the same ownership.
2. You must declare any financial or controlling links between pharmacy proprietors, e.g. has a partner or director any financial interest in another pharmacy or pharmacies, or in any company which owns pharmacies? The NPA reserves the right to reject any application where an interest is held in a pharmacy not in NPA membership.
3. Your subscription must be paid promptly; benefits of membership cease 15 days after the renewal date if the subscription remains unpaid.
4. Benefits of membership include an indemnity against third party claims and legal defence costs. The indemnity is underwritten by NPA Insurance. A policy summary and the indemnity wording is available on request from the NPA. NPA Insurance is authorised and regulated by the Financial Services Authority (FSA).
